

THE BEST OPENING UNIVERSITY EVER HAD

NUMBER OF STUDENTS EXCEEDS
ANY PREVIOUS YEAR.

Short and Appropriate Addresses
Were Made by President Murphree
and Congressman Clark.

The opening of the University of Florida for the fall term of 1909-10 was one of the most successful ever held in this city, and one that will long be remembered by the citizens who attended.

The large chapel was filled to overflowing with visitors from the city, while quite a few of the strangers who had accompanied their sons here remained over for this event.

Dr. Murphree, the newly elected president who has done so much for the advancement of the school during his short connection, made a few appropriate and well-chosen remarks concerning the school, its work, aim and what it would be to the city if properly encouraged. He was followed by Rev. Mr. Cloar, the new Baptist minister, who assured the student body that he was with them in their athletic sports, and if necessary was there when it comes to football, but he could always be counted upon to render them any assistance in his power. His remarks were followed by cheerful words from Revs. Hays and Bridges.

One of the most pleasing addresses, which was impromptu, was that of Congressman Frank Clark, who responded, after having been called upon, in his usual clever manner. His tribute to the school, to Gainesville, and the entire State was well worthy of mention. He layed great stress on the ability of the Florida youth, and said that with the proper co-operation of the citizens of Gainesville the University could and would become one of the greatest schools of the South, for it had, besides the good town and good people, the finest of all climates in which to attract the Northern student here during the winter months.

The dormitory and cottage have all been filled, and the registration showed up at noon as follows: For the University department 104, law department 25, a total of 129, with many more yet to register and be assigned to their classes.

MILLIONS OF PEOPLE SAW THE BIG PARADE

(Continued from Page One.)

Foreign nations were seen in all parts of the immense throng, relieving the solid navy blue worn by the American and Englishmen.

Dr. Frederick A. Cook, the explorer; Governor Hughes of New York and Governor Fort of New Jersey were among the guests at a banquet tendered by the citizens of uptown New York to distinguished visitors at the celebration.

An eleven-foot shark was landed in Pensacola last week while the storm was at its height. It caused lots of excitement.

Elks Parade Streets of Miami With Caged Victims

MIAMI, Sept. 27.—The Miami Lodge of Elks conducted an unusually interesting initiation at their last meeting, when four candidates were hauled on a farm wagon through the principal streets in a cattle-crate.

By appointment, the candidates, W. B. Gross, Jasper P. Tucker and Thomas J. O'Brien of Ft. Pierce, and Roddy Burdine of Miami, met a committee of Elks at the San Carlos Hotel, where they were given certain instructions. They were then blindfolded and led to the cattle-crate, where they were locked in, each with a chain around his neck. Hay, grain and turnips were furnished the prospective Elks, in case they became weak from hunger.

When securely inside the crate the four candidates were allowed to re-

COUNTY BUILDING ANOTHER ROCK ROAD

GAINESVILLE PARTIES ASSISTING
IN NEEDED IMPROVEMENT.

New Stretch of Road Will Prove a
Great Convenience for Many
Citizens.

Another and very important piece of hard road work is now being done by the county commissioners, and it will afford a great deal of comfort and pleasure to a large number of citizens who reside southwest of Gainesville, particularly in the Rocky Point section.

While the most direct route has always been for the people of that section to come to this city via Colclough hill, they have been compelled to travel a few miles out of their way to avoid about two miles of the deepest sand to be found in the county.

This part of the road is situated between Cannon's crossing and what is known as the terminus of the rock road going south. This condition is now being remedied and the material, which is easily accessible, is being furnished free, while teams are being donated by Messrs. S. M. Davis, and Crawford & Davis, and the work is being done by the commissioners, who readily saw the advantage that such a short distance would prove to a great number of people.

Until the time of railroad facilities over the G. & G. railway the farmers there were compelled to haul their vegetables to this city through this road, and it proved a great hardship as well as inconvenience. The new road will be hailed with delight by the large number of citizens who have occasion to travel it.

Arredondo people and parties living south of that point can also come over this new route and save both time and the heavy hauling, for it will shorten the road in all about three miles not only to western points, but to Wacahoota and the south.

ORANGE HEIGHTS.

ORANGE HEIGHTS, Sept. 29.—Mrs. Hicks, Waldo Hicks and wife, and Mr. Tillis of Waldo attended services here Sunday afternoon and night, returning home by moonlight, taking Miss Daisy Hicks with them; but Grandma Boring remained with us until the close of the meeting.

Kale Yearwood of Melrose passed through here on Tuesday of this week on his way to Tampa, where he was united in marriage to Miss Sadie Mullin on Wednesday evening. Returning to Orange Heights Thursday morning they will have breakfast with Mrs. Hall, returning to Melrose for dinner.

Dr. and Mrs. Curtis returned home from their summer vacation Wednesday of this week.

The religious meetings closed on Wednesday of this week, and Rev. T. L. Z. Barr left early Wednesday morning for Williston, where he will attend the district conference. No delegate attended from here, but a written report was sent.

Lake Butler is having sidewalks and other improvements made. An electric lighting and ice plant are soon to be erected.

REPORT WAS EXAGGERATED.

Sam Hurd, Reported Murdered, Turns
Up Much Alive.

Sam Hurd, the negro driver for D. G. Edwards on the oil wagon which travels in all sections of the county, was reported murdered on Tuesday morning, and the news spread rapidly. Sheriff Ramsey, in company with others, rushed to where the wagon was last seen, to find the negro busily engaged trying to extricate his wagon from a serious mud hole where he had been bogged for a number of hours. The fact that the negro left here early Monday morning and was due to return Monday night about 1 o'clock with the contents of his load converted into cash, gave further evidence that he had probably been murdered for the money, and Mr. Edwards was deeply worried.

The negro stated that he got into the bog, and after trying the greater part of Monday to get out, finally abandoned the team and went into a cage to spend the night, resuming his work Tuesday morning.

Someone passing had noticed the team there and supposed that the driver had been killed and his money confiscated, which caused the report to gain such notoriety.

LOCHLOOSA NEWS.

LOCHLOOSA, Sept. 29.—C. E. Morris spent a few days in town the first of the week. While here he was the guest of his mother-in-law, Mrs. S. F. McEwen.

Rev. B. T. Rape filled his appointment here Sunday, preaching a fine sermon.

Frank Cassels and Wesley Lambert of Island Grove visited friends here Sunday.

Mr. and Mrs. J. W. Ahrens and baby boy of Gainesville are here spending some time with the latter's mother, Mrs. S. F. McEwen.

School opened Monday morning, the 27th, under the management of Prof. C. A. Roberts, with a fine attendance.

A. C. J. C. and J. O. Hayman spent Sunday with friends at Island Grove. The surveying corps that is surveying the canal route from the Atlantic to the Gulf is stationed here, taking the soundings of Lochloosa lake.

Mrs. J. P. Tompkins of Ocala spent a few days here with relatives the first of the week.

R. T. and Miss Mary Caldwell attended preaching at Island Grove Sunday night.

Adger Hayman and Miss Jane Beal made a pleasant visit to Island Grove Tuesday.

D. Posey made a business trip to Island Grove Wednesday.

Thomas A. Edison says he studied the movement of a turkey buzzard he saw at Naples, Fla., and was convinced that the secret of successful aerial navigation lay in approximating the easy, graceful and speedy flight of that unpopular bird.—Jasper Banner of Liberty.

MONEY BACK.

J. W. McCollum & Co. Sell a Remedy
for Catarrh on That Liberal Basis.

Breathe Hyomei over the germ-ridden membrane, and it will kill the germs, and cure catarrh.

There is no other way—you must get where the germs are before you can destroy them.

And when catarrh germs have disappeared, other things will happen; there will be no more hawking, not even in the morning; that offensive breath will disappear; there will be no more obnoxious mucous, or coughing, or sneezing, or huskiness of voice, or difficulty in breathing. All these disagreeable accessories of the demon catarrh will disappear, and as they go the glow of health will return, and all the strength and energy that was formerly used in combating the inroads of catarrh, will bring back your vitality and ambition, will make a new, healthy, happy being of you in a few weeks.

J. W. McCollum & Co. will sell you a complete Hyomei outfit for \$1.00. This includes a fine inhaler, a bottle of Hyomei (pronounced High-o-me), and instructions for use. Sold by leading druggists everywhere. Extra bottles 50 cents. And bear in mind, money back if Hyomei doesn't cure.

MI-ONA Cures Indigestion

It relieves stomach misery, sour stomach, belching, and cures all stomach disease or money back. Large box of tablets 50 cents. Druggists in all towns.

PE-RU-NA USED FOR KIDNEY CATARRH

William Bailey.

Gen. A. F. Hawley, of Washington, D. C., writes: "I have used Peruna and find it very beneficial for kidney trouble, and a good cough and cold remedy."

Kidney Trouble for Nearly Thirty Years.

William Bailey, Past Col. Enc. No. 89, Union Veteran Legion, and recently identified with many of the great labor protective associations of Chicago and New York, and secretary of one of the largest associations in the former city, had for nearly thirty years been afflicted with kidney troubles.

Within a short period he has been persuaded to try Peruna, a present healthy condition is attributed to his judicious use of that remedy. Washington climate is notoriously bad for kidney and troubles, yet by a judicious use of the remedy he is now quite cured excellent physical condition.

This brief statement of facts, without exaggeration or hyperbole, is to tell the whole story, which the Peruna Company is authorized to do so chooses, believing, as I do, that by so doing it will be for the good.

William Bailey, 58 I St., N. E., Washington, D. C.

Kidneys Affected—Back Weak.

Mr. M. Broderick, Secretary and Treasurer Local Union No. 406, International Brotherhood of Teamsters, writes from 435 E. 46th St., Chicago, Ill., as follows:

"I have been suffering from a weak back and kidney trouble for some time, and have been able to find relief only through the use of Peruna."

"During the winter season I usually keep a bottle of your medicine in the house, and by taking a dose at night I am feeling fine the next morning."

"Some of my friends assure me that Peruna is equally as good for their various ailments as it is for my complaint; but I do know that for kidney trouble and suffering from a weak back it has no equal."

Cold Settled in Kidneys.

Mr. Joseph Klee, 215 East 4th St., Topeka, Kas., writes:

"My wife took Peruna for liver trouble and a run-down condition incident to the same. A few bottles built health and strength."

"I took Peruna for a cold which settled in my kidneys, giving me pain. In two weeks I was much better, and in a few months I was well."

For Liver and Kidneys.

Mr. W. H. Armistead, Cambria, Pa., writes:

"Your Peruna has cured me of catarrh of long standing. I thank you so much for your advice. I think a great medicine. It will do you recommend it to do. Beside recommending it to cure all liver and kidney troubles."

Chronic Kidney Trouble.

Judge C. J. Park, R. F. D. 1, near Gen., writes:

"For a long time I was troubled with catarrh of the kidneys, and after Peruna I feel like a new man. I think the greatest catarrh medicine ever made, and believe it will cure any catarrh on record."

NEGRO LYNCHED FOR MURDERING MARSHAL

PERRY, Sept. 27.—Chief of Police J. M. Hawkins was shot and instantly killed by a negro named Charley Anderson here Saturday night about 8 o'clock.

Anderson had, just a few minutes before, shot at a negro with whom he had been disputing over some trivial matter, and when Chief Hawkins entered his shoe and harness repair shop on Florida avenue to place him under arrest he shot him with a shot gun at close range, the whole load taking effect in the side of the face and head and producing death almost instantly.

The entire town was shocked and grieved over the tragedy, as Mr. Hawkins was one of the most efficient and fearless officials in the State. He had served in this capacity for several years and has always been a terror to evildoers. He was a son of J. W.

Hawkins, who once served Suwannee county for several years as sheriff and did much good by running criminals and upholding the dignity of the law.

Chief Hawkins leaves a wife, six children and other relatives gathered with hosts of personal friends to mourn his untimely and tragic death.

Charley Anderson, the negro murdered Chief of Police Hawkins, was safely lodged in jail to await action of the courts in meting justice, but a party of citizens for an entrance to the jail between 12 o'clock, took the prisoner out quietly led him to the scene of murder and there hanged him up to the end of the building in which murder was committed, after which his body was riddled with bullets. Everything is quiet here today.

Hudson Palisades Saved From Blasting By Sale

NEW YORK, Sept. 28.—Fourteen years of unremitting efforts to save the beautiful palisades of the west bank of the Hudson river from destruction by blasting were crowned with success yesterday when the completion of the purchase of the entire strip of palisades from Fort Lee, N. J., to Piermont, N. Y., was announced. This strip of land and precipitous cliff, fourteen miles long, constitutes one of the most picturesque bits of scenery in the State, and under the plan by which the work of redemption has been accomplished it will become the Palisades Interstate Park. It comprises 700 acres of level land

giving opportunity for a beautiful boulevard drive along the base of the cliff and splendid opportunities for camping and other recreation. The millions of persons huddled in the tenements of New York and near by cities. One of the achievements remaining to be accomplished is the building of this proposed drive along the river ledge at the base of the cliff, connecting New York by the Fort Lee ferry with the good roads of the west bank of the Hudson.

The cost of this park is about \$627,000, of which \$502,000 was paid by the States of New York and New Jersey and \$125,000 by contribution of J. Pierpont Morgan.
